# ARE YOU CONCERNED ABOUT YOUR MEMORY?

**Do you struggle with memory loss, trying to find the right words, keeping track of dates and times, or getting lost in familiar places?**

You could be experiencing memory loss due to age, stress, or the early stages of dementia.

## **ASK YOUR GP ABOUT THE COGNITION CLINIC**

We can help to discover the cause of memory loss and provide you with information, support, and treatment to allow you to live independently.

---

**For help and advice, speak to your GP or a receptionist about the Nexus PCN Cognition Clinic.**

---

Patients must be registered at a NEXUS PCN member practice to be referred.
